

Optional Accessories

Gold Standard Comprehensive Care Program

Sew with complete peace of mind with the Baby Lock Gold Standard Comprehensive Care Program. With the Gold Standard, you'll receive up to three years of unparalleled service and support for your machine. All parts and labor are covered.

Plus, you will receive an instruction course on the Crescendo from your retailer as well as exclusive savings on software, accessories and other products.

Multi-Function Foot Control

Give your hands more free time with the Multi-Function Foot Control. Start and stop your sewing with the main foot control and perform two convenient functions with the heel tap feature and side pedal. Choose two of these four control options: thread cutting, needle up/down, single stitch and reverse stitch.

Circular Sewing Attachment

This creative machine accessory allows sewers to stitch in a circular pattern using any forward-feeding utility or decorative stitch.

Presenting the Crescendo

The Crescendo deluxe sewing and quilting machine is sure to make your next composition a masterpiece. Innovative features powered by Baby Lock IQ Technology™ add to a luxurious sewing and quilting experience. IQ Technology™ is what makes Baby Lock machines so smart and efficient. You tell the Baby Lock Crescendo what you want to accomplish and IQ Technology™ works with the “brain” of the machine to achieve your desired results. Look for the IQ icon next to descriptions of these easy-to-use features.

The Crescendo also has the largest workspace on any machine in the Baby Lock sewing line, making it the perfect accompaniment to creativity of all sizes.

For the love of sewing.

 **Baby Lock IQ™ Technology Icon**

Key Quilting and Sewing Features

Sensor Pen for Sewing

Use the Sensor Pen to tell your machine exactly where you want your needle and stitches positioned. You can use the pen to designate stitch width, placement, and a stopping point on your fabric.

Guide Beam for Sewing

Pave your stitching path with a beam of light. The Guide Beam makes continuous stitching easy to keep straight.

Digital Dual-Feed System

The new Digital Dual-Feed System makes it easy to achieve consistent stitches. Whether feeding a difficult fabric or multiple, thick layers the Digital Dual-Feed System will keep the fabric feeding evenly for complete control.

Color LCD Touch Screen

Clearly see the details of every stitch on the large, color LCD. The screen measures 7" diagonally and shows up to 260,000 colors for a bold vivid display of your chosen stitches, machine settings and more.

Key Quilting and Sewing Features

Enhanced Stadium Lighting

Your fabric is illuminated 10 inches around the needle, so you'll clearly see every detail of your project. Plus, you won't have to worry about changing bulbs with these long-lasting bright lights.

NeverMiss™ Automatic Needle Threader

The NeverMiss Automatic Needle Threader does exactly what it promises. It's never been this fast or easy—the Crescendo threads your needle with little more than the push of a button.

Push-Button Features

Convenient push-button features give you more freedom to focus on your project. Raise and lower the needle or presser foot, cut threads, reinforce stitches and thread your needle with the push of a button.

Quilting Extension Table

Expand your workspace with the quilting extension table. It securely fits on your Baby Lock Crescendo so you maintain a smooth quilting surface.

Quick-Set, Drop-in Bobbin

Use the automatic bobbin winder to prep your bobbins. When you're ready to sew simply drop one in; the Crescendo does the rest.

Larger Throat Space

Comfortably quilt with the Crescendo's large throat space. 11.25" to the right of the needle leaves room for thick projects and bulky quilts.
